Testimonials

Alford Sibanda, South African, '16 Graduate

"A once in a lifetime opportunity, which left me striving for more. The entire program gave a new-dawn understanding of China, from the socio-cultural to the entrepreneurial. The company visits gave an insight into how business and entrepreneurs work in China compared to other parts of the world. They showed the potential that they possess to dominate the global market. The cultural visits, in turn gave a brief history on how the brilliant city of Hangzhou had a profound impact on modern China."

Adam Oskarsson, Sweden, '16 Graduate

"Fantastic 3 weeks, with helpful and cheerful professors, mentors and volunteers. The survival china lectures were probably among the most fun lectures, and the ordinary lectures provided good knowledge with great importance for entrepreneurship. Among the best regions I have ever been to, with nice people and much to explore and see. The West Lake and the surroundings is one unique experience!"

Kylie Rowe, USA, '15 Graduate

"Hangzhou is known for being one of the fastest growing startup hubs in China and what brings the most credibility to this location is the headquarters of the billion-dollar business, Alibaba and its famously known CEO, Jack Ma - a native of Hangzhou. The Summer School program provided many learning opportunities, but of the most important were the real world tours of Entrepreneurship in China."
