Instructions for Chinese Government Scholarship Information System (CGSIS)

Please carefully read the instructions before applying for the scholarship. Then start application by clicking "Application Online".

Step 1: Input Personal Details. Click "Edit Personal Details" and finish inputting personal details by filling in all the information, verifying and saving the information. After the completion of this section, return to the previous page by clicking "Finish" and start filling in your application information.

Step 2: Select the correct "Program Category".

- **Program Category Type A** generally refers to scholarship programs responsible by authorities except Chinese universities. Applicants of Type A programs are requested to fill in the **Agency Number** of relevant agencies (e.g. Chinese Embassy in your country). Applications of Type A will be reviewed by these agencies.
- **Program Category Type B** generally refers to scholarship programs responsible by Chinese universities under CGS-Chinese University Program. Applicants of Type B programs are requested to fill in the **Agency Number** of relevant universities. Applications of Type B will be reviewed by the applied universities.
- **Program Category Type C** generally refers to certain appraisal scholarship programs. Applicants of Type C programs will be informed by CSC of the **Agency Number** in special notices.

★ Classification above only for reference. Before online application, applicant should first confirm the correct **Program Category** and **Agency Number** with the responsible agencies. Please visit the following website for introductions of various scholarship programs under CSC scheme.

<http://www.campuschina.org/>

Step 3: Input the correct Agency Number. **Program Category** and **Agency Number** are directly matched, both are mandatory for online application. Scholarship receiving authorities (or application processing authorities) will inform the program category and agency number to candidates who are qualified for applying.

After inputting agency number, the matched agency name will automatically show on the page. As **Program Category** and **Agency Number** are directly matched, application processing authorities will not receive your online application if the program category or agency number are not correct.

- Please read this page carefully before clicking on the "Application online" tab to start your application.
